

Panel Discussion Modalities of SAICM Reporting

Moderator

Dr. Franz Xaver Perrez

Swiss Federal Office for
the Environment

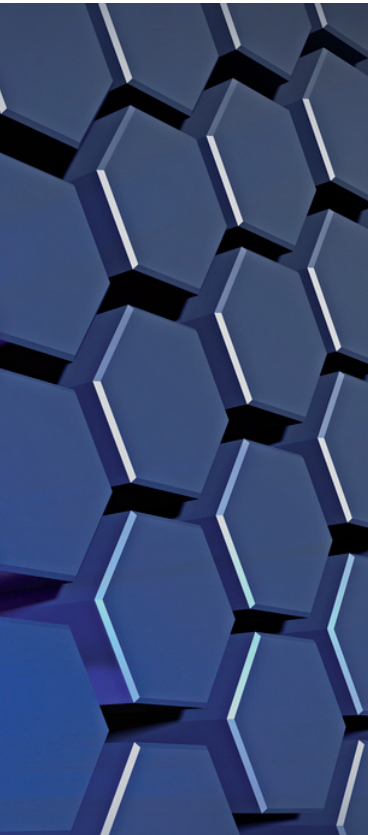

Wednesday, May 13th, 6:30-8 PM
Welcome Reception from 6-6:30 PM

INTERNATIONAL
COUNCIL OF
CHEMICAL
ASSOCIATIONS

www.icca-chem.org

The International Council of Chemical Associations (ICCA) will host a panel discussion regarding the proposal for reporting progress on SAICM implementation by correlating indicators from ICCA's Responsible Care® and Global Product Strategy with indicators endorsed by SAICM's International Project Steering Committee.

Panelists have been invited from IGOs, governments, NGOs and the chemical industry.

Michael Gribble

michael.gribble@sgci.ch

Format

Presentation of ICCA's modalities of reporting concept, followed by a panel discussion with Q&A.

Explanation

Building a consensus on the modalities of reporting will aid ICCA and other SAICM stakeholders in demonstrating their achievement of SAICM's goal: "...by 2020, that chemicals are used and produced in ways that lead to a minimization of significant adverse effects on human health and the environment."
